EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Cancel claims 7-24 which are directed to the non-elected invention without traverse by applicant.

2. The following is an examiner's statement of reasons for allowance: None of the prior art discloses the claimed PC card assembly. Specifically, claims 1-6 recite inter alia a PC card assembly comprising a PCBA including a PCB having first and second parallel side edges; a housing comprising a frame-like body; a lower wall, first and second parallel side rails; wherein the lower wall, first and second side rails and the end rail define a pocket for receiving the PCB of the PCBA; wherein each of the first and second side rails include a step-like mounting structure located inside the pocket, the mounting structure including a peripheral shelf and at least one alignment protrusion extending onto the peripheral shelf, and wherein each of the first and second parallel side edges of the PCB define at least one alignment notch located such that when the PCBA is mounted onto frame-like body, the first and second side edges contact the peripheral shelf, and each alignment protrusion is received in a corresponding said alignment notch such that the PCB is maintained in a predetermined position relative to the frame-like body is not shown or suggested in the prior art.
